## KVIC sets world record on World Honey-Bee Day

*Kaziranga (Assam) / New Delhi: On May 21<sup>st</sup> this year on World Honey Bee Day, when Khadi and Village Industries Commission (KVIC) Chairman Vinai Kumar Saxena was distributing 1,000 beehives among 100 Mishing Asamese tribe in the Kaziranga forest area, very few people actually knew that KVIC was creating a new sort of world record of distributing maximum number of beehives in a single day – beating previous best of 841 in Israel some 2 years ago.*

From the very moment Prime Minister Shri Narendra Modi gave a call for 'Sweet Revolution', the KVIC

came in an action mode with its enthusiastic 'Honey Mission' with a target of distributing 1,30,000 beehives before November 2018 across the nation – right from Narmada valley area of Gujarat to Kaziranga forest in Assam and hilly Pampore area of Jammu and Kashmir to dense forests of Mysuru. And, till the date – KVIC had distributed as many as 27,000 beehives, which had happened for the very first time in India.

The KVIC had not only distributed beehives, rather it has aimed to create jobs for youths giving them, adroit pair of hands. At Kaziranga, practical training was also imparted to those 100 beneficiaries in examination of honeybee colonies, acquaintance with apicultural equipments, identification and management of bee enemies and diseases, honey extraction and wax purification, and management of bee colonies in spring, summer, monsoon, autumn and winter seasons. Besides giving them certificates of trained bee-keepers, the

KVIC experts also delved upon honey bee species, colony organization, division of labor and life cycle of honey bees; management of honey bee colonies during different seasons. The KVIC also distributed 200 gms Honey bottles to 500 school kids of Sankar Dev Sishu Niketan there at Kohera village in Kaziranga. As a whole, altogether 25,000 honey bottles were distributed across the country by KVIC on May 21 to celebrate the World Honey Bee Day.

KVIC Chairman Shri V.K. Saxena, who himself monitors the progress of 'Honey Mission' round-the-clock said that besides production of 30,000 kilograms of high-quality honey from these bee-boxes in the zero-pollution Kaziranga area, bee-keeping would open many job avenues for the unemployed youths and aspiring young entrepreneurs. “Being the nodal agency of Prime Minister Employment Generation Programme (PMEGP), the KVIC would provide loans for setting up units of processing, packaging and labelling units for the honey,” he said, adding, “The development initiatives taken by KVIC in Assam have given a ray of hope for tribal people here and they are willing to be the part of development. The bee-keeping will also enhance the rich flora and fauna of the Kaziranga forest area through cross-pollination.”

It may be noted that deriving a novel way to cut out illegal poaching and maintain flora and fauna in and around

Kaziranga National Park, the KVIC had last year established Khadi training-cum-production centre in association with Assam forest department, providing 25 charkhas, five looms and other accessories to the village artisans at Silimkhowa village in Kaziranga forest area. It was for the first time in Assam, when Cotton Khadi work was started with 10-spindle charkhas, providing job opportunities to nearly 50 rural families of this area.

“As Khadi and Village Industries activities have underlined good employment potential in almost all the districts of Assam, we will leave no stone unturned to provide job opportunities to the rural youths, under the PMEGP – to keep them engaged in creative works. With proper mental, physical and social involvement – they will not eke out their livelihood properly; they will also come forward as custodians to save the endangered species of their area as well as the fauna and flora,” Saxena further said.

## KVIC launches its first Khadi Plaza at Jodhpur

*Delhi / Jodhpur: It was some sort of heritage's sun blooming in the horizon of modernity, when first Khadi Plaza of Khadi and Village Industries Commission (KVIC) was inaugurated by Maharaja Gaj Singh of erstwhile Jodhpur State at this Sun City of Jodhpur on 16th May, 2018.*

The former Maharaja, in his inaugural address, said that with its purity and trendy look, Khadi has not only become the favorite fabric for one and all, it has showcased its presence right from the sleepy hamlets to mega malls of the cosmopolitans. "I am impressed the kind of designs and colours – introduced in Khadi in the recent days – for all walks of lives. Undoubtedly, Khadi, with a unique history and bright future, evokes emotion in India," he said, adding, "I am sure that the people of Jodhpur will adopt Khadi, which is our own heritage."

KVIC Chairman Vinai Kumar Saxena, in his presiding address, said that a new sun of hope has

risen in the Sun City of Jodhpur. "In this land of scorching sun, only Khadi is the fabric that provides the surge of relief to all who don it. "I am sure that this air-conditioned signature fabric of India is the only hand-spun and hand-woven cotton cloth that can sustain the scorching sun of Rajasthan to chilling westerlies of Jammu and Kashmir," he said, adding, "With the revival of Khadi Plaza – which was forced to shut down in 2009, the KVIC now has proved that revival of old institutions is in our top priority under the present government – which has earmarked Khadi as medium of economic transformation."

It may be noted that the three-storey building of this Khadi Plaza was constructed in 2008 in the heart of the city by the KVIC, but could not run more than a year and was shut down by KVIC due to alleged government ennui.

KVIC Member (NZ) Dr. Hina Shafi Bhat was also present on this occasion.

## KVIC distributes 200 bee-boxes among SC/ST villagers of Himachal Pradesh

*New Delhi: Following Prime Minister Narendra Modiji's call for 'Sweet Revolution', the Khadi and Village Industries Commission (KVIC) reaches remotest part of India on 10th May, when KVIC distributes 200 bee-boxes among the 50 SC/ST families of Morang village in Kinnaur district (Himachal Pradesh) under its ambitious 'Honey Mission' project. Morang, at a height of 6,000 feet from the sea-level, is believed to be one of the remotest villages in Himachal Pradesh, with limited resources of transportation amenities.*

While distributing the bee-boxes, the KVIC Chairman Vinai Kumar Saxena said that a sizeable amount of Rs 6 crore had also been earmarked keeping in mind a target for training 1500 persons for bee-keeping and supply of 1.5 lakh modern bee-

boxes (bee hives) with live bee colonies in 21 states. “KVIC stands focused to realize each one of them so that the coming generations of our nation enjoy a sweet Indian dream which right now lies in each one of ours' eyes. This initiative from KVIC will certainly increase the yield as well as quality of horticulture and floriculture in and around this area – which is famous for producing the best qualities of apple and chilgoza in the world,” he said, adding, “An innovative scheme like Beekeeping would surely bring a new light to the stage; what is required now is a barrage of cohesive and innovative action plan, with a motive to implement them at the earliest.”

Corroborating similar views, KVIC Member (North Zone) Dr. Hina Shafi Bhat, said that it was a matter of pride and pleasure to witness Commission's programme in a remotest hilly hamlet. “KVIC firmly believes in inclusive growth of the ruralfolk and in times when sustainable development and job creation have become the buzzwords of the hour, what better than Beekeeping

## Khadi wrapped train, station from where Gandhiji was evicted 125 years ago

*New Delhi: The Signature fabric of India that Gandhiji used as a tool to drive the British away from India, the same Khadi was showcased at South Africa on June 7 this year – at the same Pietermaritzburg Railway Station – at where he was thrown off a train for refusing to give up his seat in a first class, "whites-only" compartment, 125 years ago in 1893.*

In what comes as a feather in Khadi and Village Industries Commission (KVIC) cap, it has got orders of 400 metres of Khadi cloth in 40-50 metres of length with width of 36 inches, to be used for draping train compartments, some parts platform and the main stage, from the High Commission of India, Pretoria,

in association with the Consulate General of India, Durban – for the function commemorating the 125th anniversary of the eviction of Mohandas Karamchand Gandhi on June 7, 1893, being thrown off a train at the Pietermaritzburg Railway Station for refusing to give up his seat in a first class,

"whites-only" compartment. And, Union Minister for External Affairs Smt. Sushma Swaraj will be witnessing the event there – which is also a significant one in South African history, being the birth centenary of Nelson Mandela alias Madiba.

Earlier, the KVIC had got orders to supply 175 Khadi gift

boxes containing silk fabric for the two-day India-South Africa Business Summit as 'The Tribute to Mahatma and Madiba' program at Sandton Convention Centre in Johannesburg on April 30, 2108.

Jubilant on getting overseas orders for the KVIC Chairman Vinai Kumar Saxena said that Khadi reaching South Africa means that world is moving in the direction of economic freedom now. “The monetary value of these orders is immaterial for us as it is a big morale gain for KVIC as it has caught the

attention at the global level. When Gandhiji reached South Africa, a war against apartheid and British rule was started. Now, much on the expectations of Prime Minister Shri Narendra Modi, Khadi is all set to bring economic freedom as the Signature Fabric would showcase its piousness and economic feasibility in the land of Madiba,” he said.

Not only that, as a part of Centenary Year celebrations of Gandhiji's Swadeshi Movement alias BUBU, the High Commission of India in Uganda, in association with the Republic of Uganda, unveiled

the Gandhi Charkha – gifted by KVIC – at the Gandhi Heritage Site at Jinja in Uganda on October 2, 2017, which is also the International Day of Non-Violence. The 25-kg Charkha was made of high-quality teak wood and is 3.6 feet long, 1 foot 11 inch tall and 1.5 feet wide, made in Ahmedabad by a Khadi institution. It was the first testimony that a Charkha had gone to the foreign soil.

M/S Bakery & Confectionery owned by 42 Years Mr. Mohammed Ishaq Patel is a PMEGP unit which bakes mouth watering bakery items like breads, cakes, cookies, toast and khari etc. Mr. Patel who is educated from Gujarat University in baking science of bakery product worked with Miskin bakery in Ahmedabad, Gujarat for 3 years and took practical knowledge in bakery field. He also worked in Gaylord five star restaurant bakery Mumbai for 2 years, thereafter worked with international Taj in bakery section for 3 and half years and went to UAE. There he worked for special arms force for 3 years, then Ajman capeskin five star hotel in UAE for 1 and half years, he also worked for direct marketing as sales person in various organizations at least for 2 year then he decided to setup his own unit. "It's not just about passion. Passion is something that we tend to overemphasize, that we certainly place too much importance on. Passion ebbs and flows. To me, it's about desire. If you have constant, unwavering desire to be a cook, then you'll be a great cook" says Patel.

After struggling and taking experience in this

field, he became self employed in 2011 by opening his own unit M/S Bakery and Confectionery and decided to benefits to other working people also. Today he is providing employment to 16 persons and makes turnover of Rs. 1.5 crore. His family is happy with his progress and doing social work for society. What else he is paying wages of Rs. 18 lakh per annum.

Mohammed Ishaq believes that field knowledge of initiative, marketing, exports, and R&D comes with experience which changes from time to time and also depends on demand and requirement of market.

Before you doing any business or work educate yourself in that field, take the field experience, stay humble says Mr. Patel.

महात्मा गांधी को अखेट होने के कारण दक्षिण अफ्रीका में एक स्टेशन पर प्रथम श्रेणी के डिब्बे से धक्के मारकर उतार दिया गया था। दक्षिण अफ्रीका के पीटरमारित्ज़बर्ग रेलवे स्टेशन पर हुई इस घटना के 125 साल पूरे होने वाले हैं। इसकी याद में होने वाले समारोह में यहां स्टेशन के प्लेटफॉर्म तथा ट्रेन के डिब्बों को खादी से सजाया जा रहा है। खादी ग्रामोद्योग आयोग ने बताया कि उसे इस सिलसिले में प्रीटोरिया स्थित भारतीय महासंचालनिक दलावास से 36 इंच चौड़े और 40-50

मीटर लंबे 400 मीटर खादी कपड़े का टेका मिला है। खादी के इन कपड़ों का इस्तेमाल ट्रेन के डिब्बों को सजाने में किया जाएगा। आयोग के अनुसार, मोहन दास करमचंद गांधी को रवेत लोगों के लिए आरंभित प्रथम श्रेणी के डिब्बे से सतत जून 1893 को बाहर फेंक दिया गया था। इस घटना की 125 वीं बरसी पर याद में समारोह आयोजित किया जाएगा। आयोग ने कहा कि समारोह में विदेशमन्त्री सुषमा स्वराज भी उपस्थित होंगी। यह साल दक्षिण अफ्रीकी इतिहास के लिए इस कारण भी महत्वपूर्ण है कि यह नेल्सन मंडेला की जन्मगाती का स्थल है।
