## MoH unveils grand wall mural of Mahatma Gandhi made from 2,975 kulhad cups at Sabarmati Riverfront

*The Union Minister for Home and Cooperation, Shri Amit Shah on 30th January, 2022 unveiled a mural made of axes of the Father of the Nation Mahatma Gandhi at the Sabarmati Riverfront in Ahmedabad, Gujarat. Shri Amit Shah also distributed 200 Electric Potter Wheels and 400 Bee Boxes to trained potters and beekeepers.*

This mural has been prepared by the Khadi and Village Industries Commission (KVIC) to pay tribute to the Father of the Nation Mahatma Gandhi on his 74th Martyrdom Day in the 75th year of Independence.

The mural is 12.2 meters high and 8.19 meters wide. A total of 2,975 axes were used to make this mural of Mahatma Gandhi. The total weight of the mural is about 3200 kg. KVIC has used new technologies in the ceramic industries in India to give shape to this mural. This is only the second of its kind in India and the first in Gujarat. The

memorial mural is made from clay collected from across the country and the kulhads used in it are made by 75 potters trained under the "Kumhar Sashaktikaran Yojana" by KVIC. Union Minister for Micro, Small and Medium Enterprises Shri Narayan Rane, Union Minister of State for Micro, Small and Medium Enterprises Shri Bhanu Pratap Singh Verma and Gujarat Chief Minister Shri Bhupendra Patel were also present on the occasion.

A workshop was organized in Ahmedabad to educate potters on this technique. All the 75

90 mm in height.

This mural of Mahatma Gandhi, installed at the River Front House in Ahmedabad, has become a new center of attraction for the citizens and tourists of the city.

potters were briefed about the production of 'Glazed Ceramic Crockery'.

About 2,975 glazed kuldas were also produced during the workshop using which this mural of the Father of the Nation Mahatma Gandhi was made. Each kulhad in the mural is 75 mm in diameter and

## Hon'ble Home Minister acknowledged the efforts of KVIC in creating self-employment and sustainable livelihood in J&K

Chairman, KVIC thanked Hon'ble Home Minister Shri Amit Shah acknowledging the efforts of Khadi Commission in creating self-employment & sustainable livelihood in J&K. Leh-Ladakh & J&K are the focus areas of KVIC that can contribute significantly to the making of Aatmanirhar Bharat.

## Union Minister Shri Narayan Rane and MoS. Shri Bhanu Pratap Singh Verma Inaugurated MSME Pavilion, World Expo, 2020 Dubai and launched “KHADI India Film”

*Union Minister of MSME Shri Narayan Rane and Minister of State for MSME Shri Bhanu Pratap Singh Verma along with Shri. B. B Swain, Secretary, MSME and Shri Vinai Kumar Saxena, Chairman, KVIC today inaugurated the MSME Pavilion virtually in the presence of officials from Government of Dubai and dignitaries joining from all over the country in World Expo, 2020 Dubai.*

The World Expo2020 Dubai, held under the Bureau International des Expositions (BIE) aims at bringing together millions of people for the world's exceptional show, celebrating human brilliance and achievement with theme “Connecting Minds, Creating Future”. Ministry of MSME's participation in the Expo would help to develop understanding about the MSME ecosystem in India as well as enable interaction with Governments of different countries, Business and Industry leaders, which would help in exchange of best practices adopted across the world.

The Union Minister also launched the Khadi India Film produced by KVIC. In his inaugural address, Shri Rane said that MSME sector plays a significant role in terms of job creation and expanding manufacturing base. Today, it has over 6 crore units employing over 11 crore people and is a significant contributor to the economic growth with over 30% of contribution to the GDP and over 48% of overall exports from India. Ministry's focus is to create a benchmark for MSMEs across country by scaling them to new heights in terms of exports, quality of products, contribution to GDP and providing world-class infrastructure and state-of-the-art technology to all MSMEs operating in India.

MoS Shri Bhanu Pratap Verma said that Ministry of MSME has been undertaking various important initiatives to boost the MSME sector and has been actively engaged in spearheading initiatives like finance facilitation, capacity building & skill training, facilitating market linkages, technology upgradation, etc. for the overall inclusive development of MSMEs across the country.

## Khadi Monumental National Flag displayed at Longewala on Army Day

***The Monumental National Flag, which is the world's largest national flag made of Khadi fabric, put to a grand public display along the India – Pakistan Border in Jaisalmer to celebrate “Army Day” on 15th January, 2022.***

The Monumental National Flag displayed at Longewala which was the center stage of the historic battle between India and Pakistan in 1971.

This was the 5<sup>th</sup> public display of the National Flag since its unveiling in Leh on 2<sup>nd</sup> October 2021. It was, later on, displayed at Hindon Airbase on the occasion of Air Force Day on 8<sup>th</sup> October 2021 and at the Red Fort on 21<sup>st</sup> October 2021, that marked the completion of 100 crore Covid vaccinations in India. On 4<sup>th</sup> December 2021, the Monumental National Flag was displayed at the Naval Dockyard near Gateway of India in Mumbai to celebrate Navy Day.

The Monumental National Flag, which symbolizes the collective spirit of Indian-ness and the heritage artisanal craft of Khadi, has been conceptualized and prepared by Khadi and Village Industries

Commission (KVIC) to celebrate 'Azadi ka Amrit Mahotsav', the 75 years of Independence. KVIC has handed over the flag to the Defence forces for displaying the same at prominent places on historic occasions.

The Monumental National Flag measures 225 feet long, 150 feet wide and weighs (approx.) 1400 KG. It took 49 days for 70 Khadi artisans to prepare this flag. Making of the Monumental National Flag has created nearly 3500 man hours of additional work for Khadi artisans and allied workers. A whopping 4500 meters of hand-spun, hand-woven Khadi cotton bunting has been used in making the flag which covers the total area of 33, 750 square feet. The Ashok Chakra in the flag measures a diameter of 30 feet.

## From 14th January, Devotees at Kashi Vishwanath Temple to wear “Khadi Handmade Paper Slippers”

*The devotees visiting the Kashi Vishwanath Temple in Varanasi and hundreds of temple workers will no longer need to enter the temple premises barefoot.*

Starting 14<sup>th</sup> January, Khadi and Village Industries Commission (KVIC) is beginning the sale of Khadi handmade paper “Use & Throw” slippers for the use of the devotees and the workers. The Khadi handmade paper slippers will be sold from the Khadi sales outlet located at the parking lot of the Kashi Vishwanath Corridor. The handmade paper slippers can be purchased at a nominal price of Rs 50 per pair. The slippers will be sold by Kashi Hastkala Pratisthan, a registered Khadi Institution in Varanasi. The handmade paper slipper manufacturing unit will be inaugurated by the Mahant of Kashi Vishwanath Temple on Makar Sankranti; i.e. on 14<sup>th</sup> January, 2022.

The development comes in wake of the jute slippers sent by the Prime Minister for the workers of Kashi Vishwanath Temple after he learnt that most of the people working at the temple performed their duty barefoot. It is forbidden to wear footwear made of leather or rubber on the temple premises. The entire workforce of the temple including the priests, security guards, sanitation workers and people performing seva have to abide by this rule.

Chairman KVIC, Shri Vinai Kumar Saxena

said the “use & throw” slippers made of handmade paper will maintain the sanctity of the temple and at the same time will also save devotees from heat and cold during harsh weather conditions. Also, these slippers will prevent any kind of pollution as they are made of natural fibres. “These handmade paper slippers will uphold the sanctity of the temple. These slippers are made of 100% eco-friendly material. The use of these slippers in temple premises will also create sustainable employment for Khadi artisans. KVIC will be selling these slippers from 14th January,” Saxena said.

Notably, Khadi's handmade paper “use & throw” slippers have been developed for the first time in India. These handmade paper slippers are 100% eco-friendly and cost-effective. The Handmade paper used in making these slippers is completely wood-free and made of natural fibres like Cotton & Silk rags and agro waste and hence, suitable for use in places of worship. It is also effective from the hygiene point of view. These slippers have been developed by KVIC with the objective of supporting the handmade paper industry and

creating sustainable employment for artisans.

## KVIC rolls out innovative “Mobile Honey Processing Van” to support farmers and beekeepers

*Chairman KVIC Shri Vinai Kumar Saxena launched the country's first Mobile Honey Processing Van at Village Sirora in Ghaziabad, UP on 7th January, 2022. Local MLA Shri Nand Kishore Gujjar and KVIC Member (Central Zone), Shri Jai Prakash Gupta were present on the occasion.*

The Mobile Van has been designed in-house by KVIC at its Multi-disciplinary Training Centre, Panjokehra, at a cost of Rs 15 lakh. This mobile honey processing unit can process up to 300 KG of honey in 8 hours. The van is also equipped with a testing laboratory, that would instantly examine the quality of honey.

The Mobile Honey Processing Van comes as a major development under KVIC's Honey Mission which aims at training beekeepers, distributing Bee Boxes to farmers and helping rural, educated as well as unemployed youth to earn extra income

through beekeeping activities. In line with Prime Minister's dream of “Sweet Kranti” (Sweet Revolution) through honey production, the KVIC has come up with this unique innovation to enable beekeepers and farmers to get fair price of their honey produce. KVIC has designed the innovative Mobile Honey Processing Van that will process beekeepers' honey at their doorsteps and thus save them the hassle and the cost of taking the honey to processing plants in far off cities for processing. While this will make beekeeping a more profitable business for small beekeepers; this will also

maintain purity and highest quality standards of honey.

Addressing a gathering on the occasion, KVIC Chairman Shri Saxena said, the Honey Mission aims at increasing the honey production in the country and adding to the income of farmers and beekeepers. He said, this innovative Mobile Honey Processing Van will serve multiple objectives. Besides reducing the honey extraction and processing cost to the beekeepers, it will also eliminate any scope for adulteration of honey as the processing will be done at the doorsteps of the beekeepers and farmers. This honey processing unit will prove to be a boon for small beekeepers and farmers who are incurring extra cost for bringing their honey to other cities for processing

It may be noted that under Honey Mission, KVIC has so far distributed nearly 1.60 lakh bee boxes across the country and created over 40,000 employment. In the Western Uttar Pradesh region alone, which has an abundance of flora, KVIC has distributed nearly 8000 bee boxes to farmers and beekeepers which has multiplied their income and increased the crop yield through cross-pollination.

and packaging. He added that based on the experience of the pilot project, more such mobile honey processing units, particularly in the North Eastern states, will be rolled out.

It is noteworthy that transportation of honey to processing plants is an expensive affair for small farmers and beekeepers. To avoid high transportation and processing cost, a majority of beekeepers would sell their raw honey to the agents at their farms itself at a very low price. As a result, these beekeepers were not able to fetch the actual monetary benefits of beekeeping. This Mobile Honey Processing Van is likely to benefit the beekeepers in rural areas of states like Uttar Pradesh, Uttarakhand, Haryana, Delhi, Punjab and Rajasthan.

The honey processing van will move to different apiaries in these states where beekeepers will be

able to get their honey processed at nominal charges that too at their doorsteps. The honey processing unit also comprises a laboratory technician and a technical assistant to look after the honey testing.

## KVIC celebrates 73th Republic Day at its H.Q., Mumbai

**Mumbai, 26 January, 2022:** Ms. Preeta Verma, Chief Executive Officer, KVIC unfurled the National Flag in a solemn flag-hoisting ceremony on 73th Republic Day with utmost patriotic fervour at KVIC, H.Q., Mumbai, in the presence of Ms. Ashima Gupta, Financial Advisor, KVIC, Dr. Sanghamitra, CVO, KVIC, Shri Y. K. Baramatkar, Jt. CEO, KVIC and other senior officials and staff, who paid reverence to the Constitution of India.

Addressing the occasion, Ms. Preeta Verma, Chief Executive Officer, KVIC highlighted the importance of the India's Constitution. She spoke about the provisions made in the Indian Constitution

which encouraged Village Industries and she also highlighted the role of KVIC in the villages' upliftment. She congratulated KVIC for achieving sales of Rs. 3500 crores in this year and PMEGP for achieving the target of margin money of Rs. 2180 crores in FY 2020-21. She also set a target of Rs. 2850 crores under PMEGP for FY 2021-22. Ms. Verma spoke about Honey Mission, under which KVIC distributed more than 150000 bee boxes across India. She also praised Khadi India for organising Khadi Quiz and Khadi Fashion Show for Fashion of Excellence, under the on-going 'Amrit Mahotsav'. She spoke about KVIC signing an MoU with CSIR for R & D in various Village Industries like pottery, honey and others, in which they have tied up with 5 centres for Centre for Excellence in order to provide training. She reiterates about Khadi India's Prakritik Paint, which has been widely appreciated throughout the country. Lastly, she congratulated all the KVIC for bagging the first prize in the 'Government Category' under BMC's Swachh Bharat Abhiyan.

The speech was followed by the National Anthem. Senior officials and staff of the KVIC attended the flag hoisting ceremony by following the necessary

## An Awareness Camp on PMEGP held at Vashi

C. B. Kora Training Centre, KVIC organised an awareness camp on PMEGP and other KVI Programme at Vashi, Mumbai with the co-ordination of S.O. KVIC, Maharashtra.

**Awareness camp at Changanacherry**  
State Office, KVIC, Kerala conducted an awareness camp on Village Industries at changanacherry. programme was inaugurated by Shri V. Radhakrishnan, State Director on 14th February, 2022.

## Success Stories

### ‘Never give up’

#### PMEGP played significant role in his life

Nardeep Singh

Speaking about his success, a proud Nardeep Singh said, “I strived hard for a job, but failed to get success. Weary, I approached the Jammu and Kashmir Khadi and Village Industries Board, Udhampur, wherein the District Officer briefed me and convinced me about the PMEGP scheme and thus, activated the entrepreneur in me.

I, then, applied for a loan assistance of Rs 24.96 lakhs for manufacturing of Hydraulic Equipment unit. The case was eventually approved by the DLTF (District Level Task Force Committee). Despite the failures in life, I never compromised with my conscience. I took a risk and it eventually paid off. Today, I strive to continuously push my own boundaries”. Presently, Nardeep Singh has employed over 25 unemployed youth of the locality.

#### Passion for dressmaking, designed her career

#### Farida Akhter

31-year old Farida Akhter, is the proud owner of Anna's Boutique, in which she is providing employment to more than 5 people. This boutique is definitely a trendsetter of sorts in Dooru area of Anantnag district (Jammu & Kashmir). Speaking about her success, Farida Akhter said, "Even though I am very happy to be an entrepreneur, it was not an easy task for me. I worked for several years under a local tailor, who taught me the basics of dressmaking. But, it was only traditional tailoring". A visibly proud Farida added that it was her passion for dressmaking that motivated her to learn out of the way designing.

**Khadi's employment drive transforms lives of tiger-widows of Sunderban's Bali Island**

Thursday, 10 February 2022 | 09:17 | New Delhi

It is a historic transformation of the sleepy tiger-infested Bali Island in the dense mangrove tracts of Sunderbans. The island, which was totally disconnected from the mainstream of development since Independence, is now bustling with Khadi activities.

Over a hundred tiger widows (Bijg Bahinis in local parlance) in the Bali Island who were engaged with spinning activity by Khadi and Village Industries Commission (KVIC) in 2018, can now boast of modern amenities, advanced equipment like charhats, and sewing and marketing support to provide their women artisans with sustainable livelihood. To begin Khadi activities on the island, KVIC had set up a temporary structure three years ago, which has been converted into a permanent work shed now.

On Wednesday, Chairman KVIC, Viree Kumar Saxena inaugurated the newly built 3000 sq feet work shed and a 500 sq feet common facility centre for Khadi artisans at the Bali Island. The "Tiger Victim Khadi Karta Kendra" is now equipped with 125 new model charhats, 75 modern looms and provides employment to nearly 100 women artisans of the Bali Island. KVIC has also provided these artisans with spin dyeing machines and ready-made garment manufacturing machines. The centre has been modernised at the cost of Rs 95 lakh which has been funded by KVIC under its Khadi Reform and Development Program (KRDP) and Unskilled Scheme for Khadi Artisans. The centre is being run by a local Khadi instructor of West Bengal.

Saxena said the Khadi activities on Bali Island are inspired by Hon'ble Prime Minister's vision of empowering the marginalized sections and reconnecting them with the mainstream of development. "Khadi activities on Bali Island will ensure financial sustainability of the tiger widows who were living in a dark house after having lost the breadwinners for their families in tiger attacks. While the self-employment activities will help industrialize these hapless women artisans, it will also encourage other families to take up spinning and weaving activities to earn a respectable livelihood. By taking up Khadi activities, these artisans will be able to earn up to Rs 200 per day. The idea is also to divert these families from venturing into deep water or thick mangroves for fishing and thus mitigate the threat of tiger attacks," Saxena said.

Recently, KVIC had inaugurated the spinning centre at Bali Island in 2018 and distributed 75 Charhats to help in local women artisans with spinning activity. KVIC had also distributed 3000 feet looms with two feet charhats to empower the economically backward people of the island by providing them with self-employment. These artisans were also provided with comprehensive training by KVIC.
